

Next Steps Survey

In these challenging times, where many good people have differing ideas and opinions on what is going on in our world, we want to do nothing but honor God by honoring His church with Godly stewardship and decision making. By answering this survey, you will help us immensely and give us invaluable information as we plan on how and when to gather again in our building. The survey is anonymous, so please feel free to answer from your heart. The information gathered from this survey will be a part of the information that helps the staff, and the board make some very important decisions. Once again, please answer honestly knowing your answers are anonymous. I thank you in advance for taking time to answer the survey.
